New York, April 25.—John Schunck, formerly of Louisville, Ky., committed suicide last night at his boarding house by shooting himself with a pistol. The only thing explaining the deed is a note he left saying: "I am innocent of the crime named." It is not known what crime is meant.

LOWLANDERS EMIGRATING

HIGH WATER IS DRIVING MANY FAMILIES TO SHELTER.

The steamer *Battie Owen* brought over about all the families left in the bottom lands of Illinois this morning. The whole deck of the boat was occupied. The farmers have been deserting their houses for the past week and today the inhabitants have all about left. The water is now rapidly covering the lowland on both sides of the river. The backwater has begun to fill the hollows near the union depot.

AT BROOKPORT.

CITY MARSHAL TO BE APPOINTED—BRAND NEW FIRE ENGINE BOUGHT.

Brookport, Ill., better known as Brooklyn, continues to boom. The next regular council meeting there bids fair to be quite a social success. The new members of the board take their position as president, clerk, etc., but the interesting feature comes in the appointing of a city marshal. There are already 12 or 15 prospective candidates and the idea seems to be more popular every day. However, the fire engine will be located on the Lee side of the city hall and the hose can be readily brought into action if the excitement grows too warm.

The Howe Fire Engine company gave two days' display of the performance of their best chemical and water fire engines, and turned it over to the village board last night. The machine proved successful in all manner of trial tests and is a universal favorite. The council arranged for the organization of a fire company and the boys are enrolling their names this morning.

ELLENBURG GONE

THE SOUTH SECOND STREET SHOEMAKER WENT TO

New Orleans—Captain Henry Ealey Returns From Memphis With Two Runaway Boys.

Captain Henry Bailey returned at 1:20 o'clock this morning from Memphis, where he went to identify Louis Ellenburg, the man who ran away with \$700 of his wife's money, and her \$400 ear rings.

The officer learned when he got there that Ellenburg had skipped out and gone to New Orleans. The man suspected there was undoubtedly Ellenburg.

It is not thought that Ellenburg can dodge the authorities very long, although it is believed that nothing can be done with him if he is caught.

Captain Bailey's trip was not in vain, however, as he brought back with him two runaway boys, Edgar Earnhart and Will Tabler, who left their homes in Paducah several days ago, and were caught in Memphis.

THE PROGRAM FOR THE MEETING OF THE SOUTHWEST ASSOCIATION NOT YET FINISHED.

Drs. Reddick, Taylor and Stewart, composing the arrangement committee for the reception of the delegates to the meeting of the Southwestern Kentucky Medical association here during the carnival, have about finished their work, but as no programme has yet been made out nothing can be said of the arrangement but that a big banquet will be spread at the Palmer House on Tuesday evening, May 14. It is thought that the doctors will spend much of their time taking in the Elks street fair and carnival.

ASSASSIN AT LARGE

No Clue Yet Found to the Slayers of Flagman Hugh Lucas.

THE BODY TAKEN TO WINGO

Adjustment Committee Returns From a Pleasant Trip to Chicago.

OTHER RAILROAD NOTES OF INTEREST

The remains of Flagman Hugh Lucas, who was shot and killed yesterday morning about 4 o'clock at Grifton, two miles from Arlington, have been taken to Wingo, his home, and the burial will probably take place today. The murderer has not been found, but he is supposed to have been a tramp who was stealing a ride.

The train, composed of a section of No. 32, running from Memphis to Mounds, Ill., was taking water at the above mentioned place and about the time it started to pull out three shots were heard. When the next station was reached Conductor Boucher missed Lucas and sent several section men back to search for him. They found his cap and lantern about where the caboose had stood and the body two telegraph poles north of his cap and lantern. He was lying face downward with his hand in a pond. A coroner was summoned and when an examination was made it was found that Lucas had been shot through the neck, left shoulder and also through the left breast. About 500 trainmen from Paducah left yesterday for Wingo to attend the funeral. Messrs. I. S. Taylor, C. C. Charleton, John Gossett and J. W. Woodson were among them. They returned last night.

It is also reported that Flagman Lucas had some trouble with several young men in the evening in the vicinity, and that they had sworn vengeance against him. Every effort will be made to discover the identity of those responsible for the foul crime.

Mr. D. A. Kirkpatrick, formerly yardmaster in the employ of the Illinois Central here, died from fever in Central City last night. The deceased left Paducah about eight years ago and has been working in Louisville mostly, but at his death was yardmaster at Central City. He had been sick about six weeks. The deceased leaves a wife and children many friends who mourn his loss. The funeral arrangements have not been made. He was about 38 years old.

The Elz river railroad, which extends from Loganport to Butler, a distance of ninety miles, will be sold by order of court June 10. The road has been operated by the Wabash, but the courts decided that this was against the law allowing competing lines to consolidate. There will be several bidders for the property, which furnishes a connection to Detroit. The state of Indiana caused the charter of the road to be forfeited because it had violated the law in combining with the Wabash.

The B. & O. has decided to expend \$10,000,000 in improvements of various sorts, including equipment, consisting of 100 locomotives, 4,000 steel gondola cars, 2,500 box cars, 2,000 steel hopper cars and 1,000 flat cars. The B. & O. a little over a year ago decided to expend \$25,000,000 in improvements, and did so. Such heavy expenditures are unprecedented on lines in this country.

The pay car passed through on the Illinois Central today en route south. Engineers Grimes, Randall and Gro-

gan, composing the adjustment committee returned from Chicago this morning where they had gone to confer with the high Illinois Central officials. They report a very pleasant visit. When asked about the threatened strike of the machinists one said: "I visited the Burnside shop and found everybody with a smile on his face and money in his pocket and I believe I can say that I did not see one dissatisfied employe of the Illinois Central."

A well known official stated to a Sun reporter this morning that he saw no dissatisfaction in the Paducah shops.

"The men are all receiving good pay for their services and I see no reason why a strike should be started. It seems that the whole thing is a mixed up affair but nothing serious will result."

Car Inspector J. D. Elmore, of the Illinois Central, returned from Hot Springs last night. He says he had a "jolly good time," and is greatly improved in health.

Supervisor W. C. Waggoner, of the Illinois Central, is in the city at work on the Illinois Central piling. The river has gotten so high that the transfer boat can not properly land.

Several freight cars were derailed near Newbern last night, but caused no trouble otherwise than a short delay to the train.

Marshal Albert Canuan has resigned at Marion to accept a position with the Illinois Central as foreman of a crew of fifty men.

THE ELKS.

THE BOOTHS ARE BEING RAPIDLY CONSTRUCTED—OTHER

Arrangements—Bill Posters are Billing All the Neighboring Cities—The Flower Parade.

The work of constructing booths for the Elks carnival is progressing rapidly, and about half a block on Seventh street are completed with the exception of the tar paper roofs.

The bill posters who went down the N., C. and St. L. returned last night, and tonight two will be sent south, tomorrow two over the St. Louis division and down the river, and also one up the Louisville division.

The advertisements are as extensive as those of a circus. It is understood Captain Leyhe contemplates running an excursion here from St. Louis.

The flower parade arrangements are most encouraging. The Woodmen of the World, Travelers' Protective Association and other orders will probably have floats in the parade.

People who can take care of people during the carnival are urged to communicate with the bureau of information at once.

YOUNG PEOPLE MARRY.

WEDDING AT REV. CAVE'S OF MR. COULSON AND MISS STREET.

The marriage of Mr. Mart M. Coulson and Miss Inez Street, was solemnized last night at 8:30 o'clock at the First Presbyterian parsonage, Rev. W. E. Cave officiating. A few friends and relatives witnessed the ceremony, which unites two of Paducah's most worthy young people. They will go to house keeping on Trimble street.

The bride is a sister of Mr. Dave Street, the well known river man, and Mr. Coulson is a well known plumber.

The Lulu Warren, handsomely fitted up, left the wharf today in charge of Captain Austin Owen, and several invited guests, besides officers of the Tennessee River Transportation company, were aboard to meet the South Bend, Ind., people who are to board her at Joppa, Ill., where they go by rail.

The boat will probably return here this evening, and the visitors stop off for a short time in Paducah.

As told in yesterday's paper, they are en route up Tennessee river to inspect the Transportation company's property, and will remain several days.

ABHORRED VACCINATION.

METROPOLIS CHILDREN WERE SENT BACK HOME.

Two children residing in Metropolis were sent to this city this morning by their parents to visit relatives and incidentally to escape the horrors of vaccination. City Physician Sanders heard of the affair and informed their uncle that if the children were not immediately vaccinated they would be sent back on the Cowling. He refused to do as requested and the children were sent back home. It is claimed that all the smallpox now in Paducah came from Metropolis.

TOBACCO MARKET.

IT WAS THIS WEEK STRONG AND ACTIVE IN PADUCAH.

The tobacco market this week was strong and active. Gilbert & Weldon offered 20 and sold 18 hogsheds.

The range of prices on common lugs was from 4-15 to 51-2 and on leaf from 5 1/2 to 8 1/2. The firm reports the market strong and active.

Fielis Bros. had no sale this week. Farmer & Co., offered 116 hogsheds but the sales have not yet been determined.

The range of prices on leaf was from 4 1-2 to 11-70 and on lug from 4 to 5 1-2. The market experienced no material change from that of last week.

The Western District Warehouse company report the market satisfactory to the seller as far as prices are concerned. They offered 33 and sold 32 hogsheds. The range of prices on leaf was from 6 to 9 and on lugs from 4 to 5.

The offerings were limited and the sales small compared with those of last year. This time of the season last year the sales were running from 150 to 200 hogsheds but the decrease in offerings at present is occasioned by the small demand.

It will not be long however before the market will open up and something unusual is expected when it does.

The market, taken as a whole, is unchanged from that of last week.

A SECOND CALL.

THE PRESBYTERIAN CHURCH AT PETERSBURG, VA., AGAIN

Calls Rev. W. E. Cave—The Popular Minister Has Notified His Church Officers, But Has Not Reached a Decision

Rev. W. E. Cave, pastor of the First Presbyterian church, has received another call from the First Presbyterian church at Petersburg, Va. The congregation made its second appeal Sunday and Rev. Cave today notified the church officers here of the call.

The Petersburg church extended a call to him a few weeks ago, and he went there and remained several days and preached. This only made the congregation more anxious to have him. The people were much impressed with the Paducah minister's eloquence and the many evident good traits that make him so successful as a minister, and they would not accept his polite declination, sent them a short time ago, but have made a second call.

Rev. Cave was asked today what he would do, and replied he had not yet decided. He will first consult with the officers of his church.

A NEW JUSTICE

Mr. J. S. Young Appointed Magistrate in the Seventh District Today.

SUCCEEDS MR. J. H. LITTLE

Business in all of the Courts Has Been Unusually Dull Today.

NEWS FROM THE OTHER COURTS

An unusual complication has arisen in filling the vacancy in the Seventh magisterial district occasioned by the death of Justice J. H. Little. Today County Judge Tally appointed Mr. Jesse Young to the place, and Mr. Young qualified and his bondsman were accepted.

Today Gov. Beckham appointed Constable Alex Patton to the place, and issued him a commission.

County Judge Tally this afternoon appointed Mr. Jesse S. Young magistrate in the Seventh district to succeed the late Justice J. H. Little, to fill the latter's unexpired term until November.

There were several applicants for the position. Mr. Young is an ex-deputy sheriff, and a well known citizen of Clark street.

Deputy Sheriff Utterback received a telegram this afternoon from Deputy Sheriff Gus Rogers, however, stating that Gov. Beckham had appointed Constable Alex Patton magistrate in the Seventh district to succeed the late Justice Little, and that he, Deputy Rogers, had the commission in his pocket. It would seem from this that Mr. Young's appointment by Judge Tally will not stand.

Marriage license were issued to John A. Pryor, aged 25, and Etta McKee, aged 23, both of the county. This is the second marriage of each.

CIRCUIT COURT.

Will Calhoun and Louis Goer, for assault and battery, were fined \$25 and 10 cents each in the circuit court before adjournment yesterday.

The case of John P. Muller against Wm. H. Muller, for setting aside a will, which was taken to the court of appeals was reversed and will be retried in this court. The trial is set for the 23rd day.

In the case of D. M. Osborne against J. B. Wiley & Co., a motion to require the plaintiff to execute bond for the costs of the court was denied.

In the case of F. W. Cook Brewery company against John W. Moore, suit on debt, the defendant did not answer after being duly summoned and the court took it as a confession and rendered a judgment of \$1,250 with 6 per cent interest in favor of the plaintiff. The defendant was also ordered to pay the costs of the court.
